DecoArt Matte Spray Sealer

In the dark the laser cutout allows light to shine through giving a pleasant "night light" glow.

Each night light set comes with 4 different designs laser cut to give unique looks for different designs.

Preparation:

Sand insert until smooth and then lightly wipe away any remaining dust with your tack cloth. Transfer the main design onto the insert. Do not transfer the red birds, limbs, birdhouse or details; they will be transferred as you paint along.

PAINTING INSTRUCTIONS**Sky and limb:**

- *Basecoat the sky with French Grey Blue.
- *Shade the sky, along the top and sides of the insert, with Deep Midnight Blue. *Transfer the limbs, redbird and birdhouse onto the background.
- *Paint the extended limbs with Asphaltum.
- *Paint the pine needles in two layers.
- *The first layer with Black Green and when dry, the second layer of highlight needles with Lt. Avocado.
- *With Titanium White, paint a thin layer of snow along the tops of the branches and scattered among the pine needles.
- *With your stylus and White, dot the sky for falling snow.

Snowman:

- *Basecoat the snowman with Buttermilk.
- *Shade the snowman around the scarf, on the left side of the coals, lightly around the outsides of the eyes and where the twigs are stuck into the top of the head with Milk Chocolate.
- *Paint the twigs on the head and the twig arm with Asphaltum.
- *With White, paint a thin coating of snow that's been caught on the limbs.
- *Paint the eyes and coals with Black.
- *Paint highlights on the eyes and coals with White.
- *Blush the cheeks by floating with a light wash of Red Iron Oxide. Several floats may be needed until you achieve the "rose" look that you want.
- *Deepen the shading with a light wash of Heritage Brick.
- *Deepen the shading along the outside cheek with a light float of Heritage Brick.
- * Dot a highlight on the left cheek with White.
- *Basecoat the nose with Canyon Orange.
- *Shade along the bottom and the end of the nose connected with the face with Oxblood.
- * Deepen the shading and paint the fine lines on the carrot nose with Russet.
- *With White, paint a thin coating of snow along the top of the nose.

Scarf:

- *Basecoat the scarf with Lt. Avocado.
- *Paint the thin stripes with Deep Midnight Blue.
- *Transfer the stars onto the scarf and basecoat this Golden Straw.
- *Shade some of the sides of the stars with Burnt Sienna.
- *Shade the scarf with Black Green.
- *On the three largest stars, paint a thread line with black.
- *With your stylus and Black, dot each side of the thread line for buttonholes.

Birdhouse:

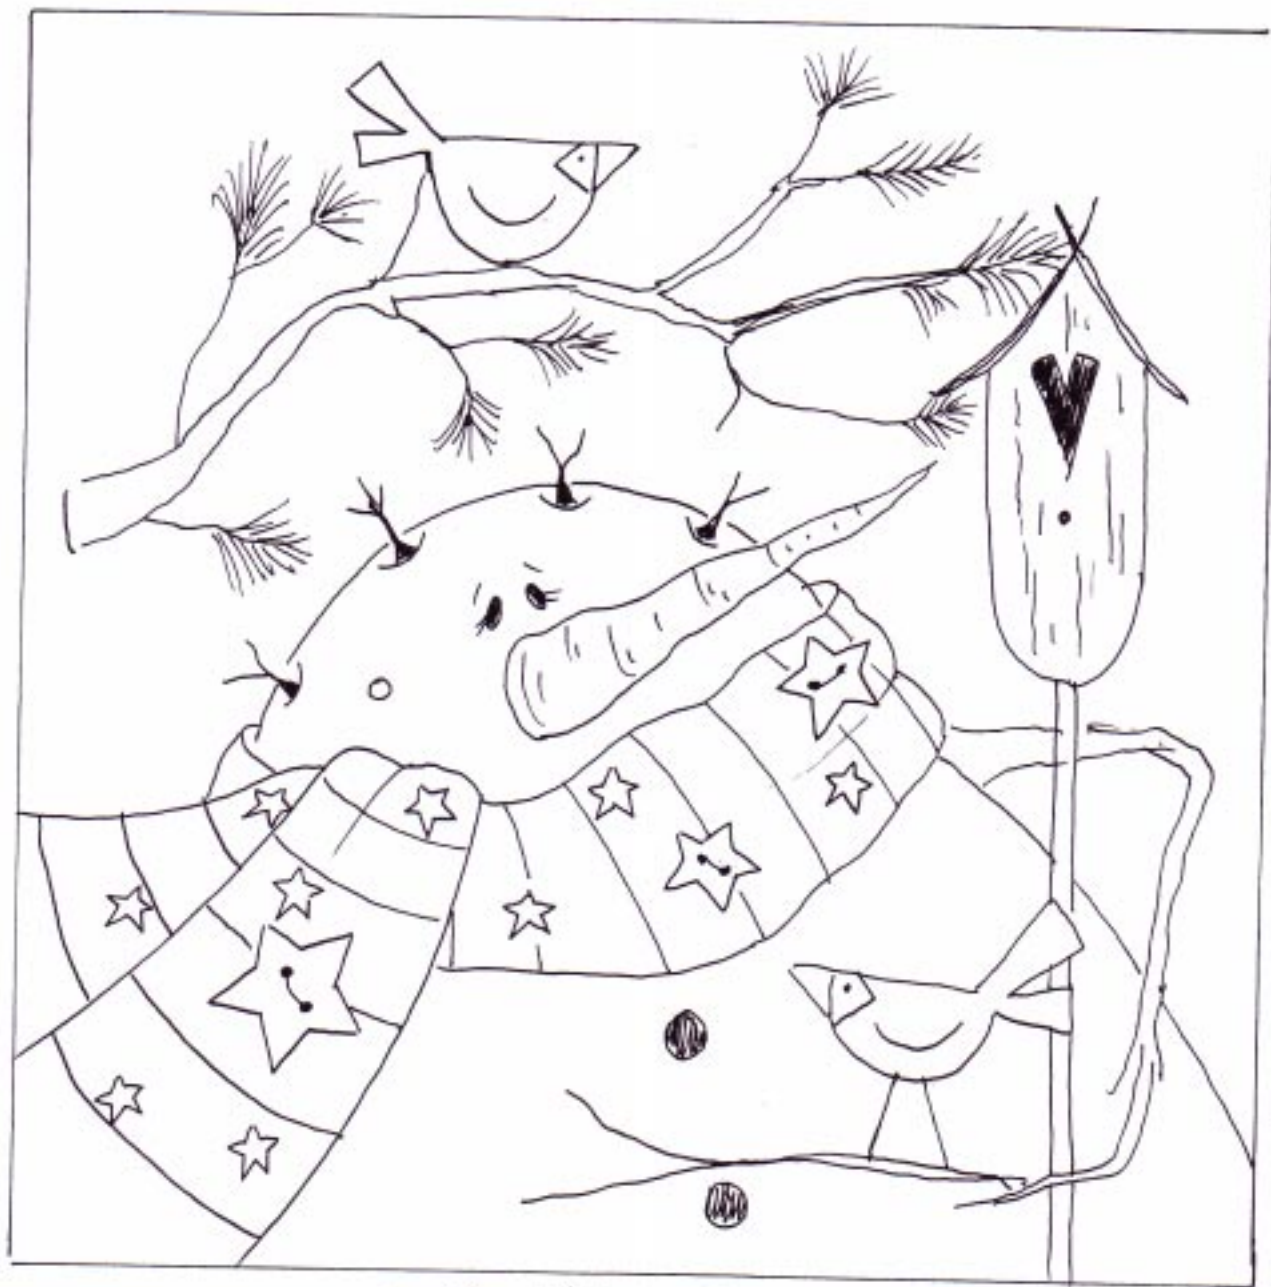

- *Basecoat the birdhouse with Camel.
- *Shade with Milk Chocolate.
- *Paint the fine lines on the birdhouse for the wood grain with Asphaltum.
- *Paint the heart opening and perch with Black.
- *Paint the twig roof with Asphaltum.
- *With White, paint a thin coating of snow along the twig roof.
- *Paint the birdhouse pole with Black. Paint a thin line of White snow down the right side of the pole.

Birds:

- *Basecoat the beaks with Golden Straw.
- *Shade the beaks with Burnt Sienna.
- *Basecoat the bodies with a mix of (5:1) 5 parts Country Red to 1 part Heritage Brick.
- *Shade under the wing with Black Plum.
- *Paint the patch around the eye with Black. Dot the eye with White.
- *Highlight the wing with Hot Shots Fiery Red.
- *Paint the legs with Black, or you may opt to draw the legs on with your Black Micron Pen.

FINISHING

Erase any remaining transfer or pencil markings with a kneaded eraser. With your Black Micron Pen, draw any details, outlining or stitches as desired.
Spray with several light coats of DecoArt Matte Spray Sealer, letting each coat dry before the next.
